Reviews

A top quality ebook and the typeface used was interesting to read through. It is rally intriguing through reading through period. You wont feel monotony at anytime of the time (that's what catalogues are for relating to when you ask me).

Pub Date :2012-09-01 Pages: 245 Publisher: Basic information of Shanghai Jiaotong University Press title: The spatial structure of wind engineering Original Price: 50 yuan Author: Yan-Li ed Press: Shanghai Jiaotong University Press Publication Date: 2012 -9-1ISBN: 9787313084064 Words: 297.000 yds: 245 Edition: 1 Binding: Hardcover Folio: 16 Product size and weight: Edit recommend the development of large span space structure is an important symbol of the measure of a country building the level of science and technology development. First. while the soft space structure. wind load is important or even decisive design load. therefore. the development of the spatial structure of the wind engineering. is one of the driving forces that promote the development of spatial structure to more oversized gentle direction. Yan-Li space Wind Engineering (fine) light into dark out expounded the basic theory of the spatial structure of wind engineering. analytical methods. test the latest technology. and wind engineering progress and research. Summary spatial structure of wind engineering (fine) light into the dark out exposition of the basic theory of the spatial structure of wind engineering. analysis methods. test techniques. and the latest progress in wind engineering research. the main contents include: the structure of the basic characteristics of the wind . the simulation of wind loads. wind-induced response analysis. computational fluid dynamics numerical simulation and wind tunnel test techniques. Yan-Li space Wind Engineering (fine). the system is complete. focus on theoretical and practical engineering combined. both as a structural engineering graduate students teaching books. can also be used as a reference for structural engineers. Contents Chapter 1 Introduction 1.1 cases of the spatial structure of the wind destroyed 1.2 wind vibration theory of l. 3...
