*Complete guideline for publication fans. I am quite late in start reading this one, but better then never.  
It is extremely difficult to leave it before concluding, once you begin to read the book.

This is a payback rate substantially higher than the payback in the formal banking system catering more to the urban commercial sector. We also believe that United States NGOs can provide valuable technical and financial support to Tibetan entrepreneurs and enterprises in rural and urban areas. So there are a range of practical, economic, and social development initiatives that can and should be promoted by United States NGOs. I think United States government support to United States NGOs can expand and enhance the value of United States NGOs helping to improve working and living conditions for Tibetans in Tibet.
