National Geographic Society, United States, 2007. Hardback. Book Condition: New. 260 x 254 mm. Language: English . Brand New Book. Ever had an in-your-face encounter with a caterpillar? Darlyne Murawski came eye-to-eye with a spiny caterpillar in Costa Rica and was severely stung by the harmless-looking creepy-crawly. But she still got the picture. It's one of many caterpillar close-ups which illustrate this extraordinary book. Readers learn to study these insects like the experts: witness the astonishing life cycle with its metamorphosis from caterpillar to pupa to butterfly; see the amazing snake-like defenses of some poisonous species; and the silk stitching used by others to build leafy hideaways. Face to Face with Caterpillars encourages an active study of this intriguing insect: How to find caterpillars, how to raise a monarch, how to help preserve their habitats, how to photograph the caterpillar, and how to learn more; it's all in Darlyne Murawski's fun book.
