## THE LOST KEY

[DOWNLOAD](#)

Hodder & Stoughton General Division. Paperback. Book Condition: new. BRAND NEW, The Lost Key, Robert Lomas, The Lost Key - The Supranatural Secrets of the Freemasons contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidate's naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and mystical teachings. Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Here Lomas, co-author of the international bestseller The Hiram Key, reveals to a wider public and also explains these secret teachings for the first time. He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins, they are very much part of the strange, paradoxical world opened up by the latest thinking in quantum physics. This is why he prefers to call them 'Supranatural'.
