Coleridge Samuel Taylor Coleridge (21 October 1772 - 25 July 1834) was an English poet, literary critic and philosopher who, with his friend William Wordsworth, was a founder of the Romantic Movement in England and a member of the Lake Poets. He is probably best known for his poems *The Rime of the Ancient Mariner* and *Kubla Khan*, as well as for his major prose work *Biographia Literaria*. His critical work, especially on Shakespeare, was highly influential, and he helped introduce German idealist philosophy to English-speaking culture. He coined many familiar words and phrases, including the celebrated suspension of disbelief. He was a major influence, via Emerson, on American transcendentalism. Throughout his adult life, Coleridge suffered from crippling bouts of anxiety and depression; it has been speculated by some that he suffered from bipolar disorder, a condition as yet unidentified during his lifetime.[1] Coleridge suffered from poor health that may have stemmed from a bout of rheumatic fever and other childhood illnesses. He was treated for these concerns with laudanum, which fostered a lifelong opium addiction.
