Scott Kelby, the best-selling Photoshop author in the world today, once again takes this book to a whole new level as he uncovers the latest, most important, and most exciting new Adobe Photoshop CS3 techniques for digital photographers. This major update to his award-winning, record-breaking book does something for digital photographers that's never been done before--it cuts through the bull and shows you exactly "how to do it." It's not a bunch of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step-by-step the exact techniques used by today's cutting-edge digital photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why.That's why the previous editions of this book are widely used as the official course study guide in photography courses at college and universities around the world, and this new edition for Photoshop CS3 exposes even more of the top pros' most closely-guarded secrets. 473 pp. Englisch.
